About Us

Home Sense BD Group Ltd is a leading Bangladesh based Architectural, Civil Engineering & Building Contractor, Interior & Furniture, Building Material, Government and Corporate Goods supplier and contractor. Our head office is in Dhaka Mohakhali DOHS located in the Bangladesh to serve our clients nationwide. Formed in 2011, we are Achilles approved and carry out full Interior & Furniture, civil engineering and building works packages including ground works, drainage and concrete packages across the all over Bangladesh.

We work for a select group of clients, which comprise a mix acting as the Principle Contractor as well as working for a few main contractors.

Why Home Sense BD ?

We have perfect blend of knowledge and talents that comprises of specialist engineers, architects, interior designers and resource study consultants. These unique teams help us understand and provide solutions for any personalized requirements of our clients.

Mission

To provide quality workmanship and customer service and maintain the highest level of professionalism, honesty and fairness in our relationships with our customers, employees and vendors. To grow by continually providing useful and significant products, services, and solutions to markets we already serve – and to expand into new areas that build on our competencies and customer interests.

Vision

To be the builder of choice for value minded clients and high performing employees and To earn the trust and respect of our customers in Bangladesh and abroad.

Our Core Values

Excellence: We strive for excellence in quality, and we continuously innovate, utilizing advanced technologies.

Teamwork: We insist on mutual respect, cooperation and mutual encouragement to achieve each individual's potential.

Integrity: We act with reliability, honesty and fairness.

Commitment: We are fully dedicated to delivering our objectives through the most efficient use of resources

Sustainability: We are committed to safeguarding all stakeholders, including especially the health and safety of our employees, society as a whole and the environment.

Accountability: We are fully accountable for carrying out our responsibilities in accordance to the values and principles of HSBD.

INTEGRITY. EXPERTISE. LEADERSHIP.

Our expertise in estimating, construction, project management and preconstruction services ensures that our customers receive a quality product at a fair price and in a reasonable time frame. This is accomplished through the selective use of responsible subcontractors, hiring and retaining first class employees, and working for clients that share a belief in open, honest, and direct communication.

Regardless of whether you are an owner, architect, designer, engineer, tenant, broker, subcontractor, or supplier, you are a respected member of our team and will be treated as such. This commitment to team and to open project leadership yields not only successful construction projects, but more importantly, satisfied customers. The end result of this style of relationship building is 100% referable customers.

We're committed to your success. Contact us today and let us know how we can help your next project succeed.

Our People

Our clients know that what make their projects run smoothly is the professionalism, skill and experience of the people who work on them. The right people care about the work they do, are active in helping the client overcome challenges and are an asset on the project.

Whilst skills can be taught the all-important professionalism and maturity cannot. We decided years ago that to be a high-quality civil engineering and construction firm, HSBD would need to recruit on the things that cannot be taught so that both ourselves and our clients know that only the best people are going to turn up on site. We carry around 60+ of our own skilled tradesmen, technical and support teams, which supports us delivering high quality schemes at the best value. We supplement this with our loyal and long standing supply chain to suit each contract.

The same logic is applied to our supply chain – our relationships with them are long-standing and are based on an understanding of what we expect of them. And it works: we notice the difference – and you will too.

Services

HSBD provides services to a number of sectors including the education, commercial/industrial, government, utilities/infrastructure, leisure, energy and renewable energy sectors.

We have successfully completed construction projects across the Bangladesh within diverse and complex environments, for the public and private sector.

We are extremely dedicated to the projects we work on and seek to offer the most comprehensive and efficient delivery possible.

We have an enviable reputation of providing safe and responsible building and civil engineering services, achieving project completion within budget and to the highest standards of quality.

Our Ethics

Home Sense BD Group Ltd adhere to company policies that are designed to ensure that we operate our business to meet or exceed the requirements of our customers, meets all legal requirements, and upholds Environmental and Health & Safety measures.

Those policies include:

- > Equal Opportunities Policy
- > Anti-Bribery Policy
- > Harassment and Bullying Policy
- > Health & Safety Policy
- > Quality Policy
- > Environmental Policy
- > Performance Development Review Policy
- > Drugs and Alcohol Policy

Teamwork:

- > Group team work & Initiative
- > Safety & Awareness
- > Quality
- > Customer Focus
- > Selected Time Handover

Fundamental to Home Sense BD Group are the core values we believe in and practice. Identified during the Investors in People Assessment they underpin all aspects of our business. Our Values offer clear business benefits and their link with the Performance Development Review Process help our employees understand what is expected from them.

About our Interior Work

Workplace Consultancy

At the heart of every organization are its culture, workplace practices, and most importantly it's people. Workplace consultancy aims to understand, translate and respond to all elements of a business. Through analyzing the impact of space on your people, technology and business processes we develop a full Understanding of the objectives behind your relocation and refurbishment. This information becomes the blueprint for creating intelligent, hardworking solutions to address your business's ongoing needs.

Space Planning and Interior Design

Our experienced in-house team of designers is dedicated to providing insightful interior solutions for the commercial workplace. Their creative approach, balanced with an acute commercial awareness enables them to create functional working environments that enhance and promote your business's objectives and its culture. We place high value on progressive working approaches, continually striving to bring innovative ideas into our designs, finding optimum working solutions for all our clients.

Interior Fit-Out and Refurbishment.

Our experienced team is committed to delivering projects of consistent, high quality; a commitment that our clients have come to rely upon. We work closely with your team to ensure that your aspirations and objectives can be delivered within the constraints of the building, overall budget and time expectations. This ensures a smooth transition from concept to completion.

Project Management.

We have developed a project management approach that focuses on minimizing the effect of a relocation or refurbishment on day-to-day business practices, enabling your team to focus on their core business activities. Our project managers are involved throughout every project ensuring successful execution and delivery within the agreed time scale and budget. This guarantees that the project is delivered to meet, and often exceed your expectations

Quality Assurance/Quality Control

We stand strongly on quality is the hall mark of Home Sense Steel & Building Construction . Since the inception of HSSB there has been a continuous effort to pursue the highest quality in the Pre engineered steel building industry. Our effort materialized in the award of Leed certification from INNOWELL

A separate Quality Department with functions under the top management at the factory is dedicated to undertake quality check at every level of stages from entry to delivery to site. This quality check is carried out throughout the period of fabrication until completion of delivery thus ensuring that only those material that qualify the stringent quality tests of HSSB Quality Department are delivered to the client. This ensures a product of the finest quality and the difference is evident when compared .QA&QC department is strictly maintain the ITP,WPS sated by client or HSSB standard.

We use of Prime Quality product and no product from Ship Breaking Material or Non Standard Product that is not in accordance with the latest international code is used by HSSB . All materials are imported from a variety of countries that includes Australia, Japan, China, India, Korea, Vietnam, etc. The imported plates are subjected to quality test before fabrication under the supervision of the QA&QC Department of HSSB at the Factory end.

Similarly every item needed for the valuable client is imported from time tested suppliers of world class material be it Bolts, Self Drilling Screws, Insulation, Sky Lights or even the Welding Consumables. In fact every accessory that goes with the building is selected so as to endure the test of time and ensure that the HSSB Quality stands out in every aspect.

Home Sense Builder

Home Sense Builder, Inc. is a Real Estate & Development company that has been serving the community since 2016. Over the years, we have helped many people realize the dream of building a home. At Future We Planning Start Big Development Project.

When you have a home built, you are not only buying a product, but also a service. As an experienced custom home builder, we have the ability to control the quality of our workmanship to the highest standards. We employ only qualified personnel who are committed to upholding this high level of excellence. We strive to give the best possible service before, during, and after the construction process.

We design each home to meet the individual needs of each client. The construction process is scheduled well in advance and closely monitored to ensure that it goes smoothly and on time. We help you enjoy the process of selecting all of the items within your house to give it your personal touch. We are committed to responding quickly to address any questions that you might have. The four main cornerstones of our business are integrity, quality, service, and value.

Integrity

To conduct business with complete integrity in all facets.

Quality

To provide the highest level of quality materials, service and workmanship in all areas of every project.

Service

To provide superior service by:

- >> Promptly returning all phone calls and responding to all emails
- >> Establishing and meeting strict construction schedules
- >> Making each client feel like they are the only client
- >> Treating each client with respect and professionalism
- >> Listening intently to each client's needs and desires
